AMENDMENTS TO THE CLAIMS

Listing of claims

This listing of claims will replace all prior versions, and listings of claims in the application.

Claim 1 (Currently amended): Apparatus for treatment of a target surface by coating thereof applied from an ejection device, comprising: guidance means exclusively supported on the target surface for establishing linear paths of movement in spaced relation ~~to the target surface~~ thereto; support means on which the ejection device is positioned for ejection of the coating therefrom; and selectively controlled mounting means for positioning of the support means at different locations along said linear paths of movement on the guidance means from which said ejection of the coating onto the target surface is effected from the ejection device to perform said treatment of the target surface.

Claim 2 (Previously amended): The apparatus as defined in claim 1, wherein said target surface is a ship hull and said ejection device is a liquid paint applicator from which paint as the coating is applied to the target surface.

Claim 3 (Original): The apparatus as defined in claim 2, wherein said guidance means includes: horizontal track rails on the target surface; and vertical guide means slidably received in the track rails for displacement of the support means along said linear paths of movement to the different locations.

Claim 4 (Original): The apparatus as defined in claim 3, wherein said support means includes: a support rack mounted by the vertical guide means in perpendicular relation to the target surface.
